

4 Chairman's Column

Europe united.
By **George Done**

5 AOPA Working for You

EASA's Management Board agrees EASA's not working for GA; Olympics update provides sound advice for interception; Solent says it does transits, honest

8 Olympic planning

Know your onions if you plan to fly by.
Timothy Nathan reports

14 IAOPA Europe

Delegates from 18 countries meet to discuss global aviation issues and plan the way forward. **Pat Malone** reports

21 AOPA Members Group

The LAMP is going out; will we see it lit again? The Cologne Follies, aerodrome costs and security issues

24 Big airport

Can Southend buck the trend of becoming hostile to GA now that it's embarking on major commercial expansion? **Pat Malone** reports

27 Instructors Group

The AOPA Instructors Committee discusses the EIR, airproxes, aerobatics and more

30 Bulldog and Pup

Two British aircraft with near-identical pedigrees are treated wholly differently by EASA. **Nick Wilcock** sets the scene

35 John Houlder

Obituary of a founding father of AOPA

36 Van ordinaire

The Miles Aerovan, an odd-looking but utilitarian cargo or passenger twin, could lift a car but failed to sell, as **David Ogilvy** recounts

40 Book reviews

John Derry re-examined; Branson writes; a forgotten war

42 Letters to the editor

IMC v EIR; Olympic interception; more from Down Under; flying the Ecoupe; thank you, AOPA; air racing, and live propos, again

45 'Where to fly' guide

Britain's best flight training and general aviation outfits listed by county.

54 Ferry pilot

From rugby league to making a living ferrying singles across the world – **Pat Malone** talks to David Plange
