IFR Map with Low Airways

It's never been so easy to get the big picture from a portable.

Introducing GPSMAP® 695, Garmin's visionary new portable with 7-inch, bright, sunlight-readable 800 x 480-pixel WVGA display, UK Airway boundaries, low and high airways and searchable VRP database. The package includes moving-map GPS "view from space" graphics, rotary joystick cursor, softkey interface, fast 5Hz screen updating and database-driven terrain and obstacle alerting. See the bigger picture with GPSMAP 695, the ultimate portable MFD.

Follow the leader.
