**4 Chairman's Column**

New Horizons. By **George Done**

**5 AOPA Working for You**

Time to write to your MP about EASA rules; big IMC survey separates myth from fact; how the IMC rating was made, and what it aims to do; the European dimension; pilots' evidence proves it's a lifesaver; and in 'any other business', Ofcom's back with new stealth tax plans

**20 Citation at 40**

Did you know it's 40 years since the first Cessna Citation jet took to the skies? **Mike Hamlin** follows the progress of a winner

**25 Briefings**

So farewell then, Warren Chmura; why not try air racing this year? Or why not try aerobatics with Nick Wakefield? Gretchen Burrett takes over as CAA safety head; de Havilland Educational Trust bursaries; CAA safety evenings

**28 Good companions**

Turning flying into a family affair is paying dividends for a group of ex-Navy pilots at Yeovilton. **Pat Malone** reports

**30 A touch of glass**

Airways Flying Club has pepped up its Piper Dakota with a glass cockpit, as **Jason Cameron** reports

**32 Signed by the artist**

**Robin Nash** flies his Nibbio to Italy to be signed by its designer Stelio Frati

**36 The fast crew**

Concorde captain **Tim Orchard** tells how he set up the fastest-ever Concorde crossing of the Atlantic

**40 Fairchild Argus**

More than 500 of these benign but robust transports graced British skies during and after the war. **David Ogilvy** writes a flight test report
