JUNE 2012

20

4 Chairman's Column

Persistence pays off.
By **George Done**

5 AOPA Working for You

Steering EASA down a new road; CAA nudges the IMC forward; 'airspace apartheid' in Class D; the mandatory handling racket; French Customs withdrawal; aerodromes support

16 Search and rescue

You may have cause to be thankful to the crew of the search and rescue helicopters we rely on as a last resort.
By **Paul Smiddy**

30

40

25

20 Andark dunker

It may never happen, but that's no reason not to practice for the worst... and now you can do it at an AOPA discount.

23 Briefings

Coventry welcomes you, Perranporth needs you, online fraud, final Moth Club charity day, Skycatcher caught out by EASA, GPS approach to Cranfield approved and an Irish Fly-in.

26 Moth Major

David Ogilvy has the temerity to suggest the Moth Major had advantages over the Tiger

30 IAOPA World Assembly

The countries that make up international AOPA get together every two years to plan strategy. **Pat Malone** reports on the latest World Assembly in South Africa

38 John Sheehan

As he retires, IAOPA's General Secretary **John Sheehan** looks at the health of the organisation and the challenges it has faced

48

16

40 Liberator

David Hastings recalls how 20 years ago he joined the crew of a B-24 Liberator flying the Atlantic on a commemorative journey

45 Obituaries

46 Letters

48 David Ogilvy

As he steps back from his airfields work for AOPA, **David Ogilvy** talks to **Pat Malone** about his long and illustrious career
